## CALLING ALL PROSPECTORS!

Looking for Prospectors to participate in the 'Prospectors Tent',  
a New Exhibit at the Alaska Miners Association Conference,  
taking place on Tuesday-Wednesday November 5-6 in Anchorage

The Prospectors Tent will provide an opportunity for independent prospectors or early-exploration projects to display their mineral prospects and discoveries. This will be a space to feature displays, maps, or photographs, rock samples, and drill core, and give conference attendees a chance to see early-stage properties with potential throughout Alaska. The Prospectors Tent is a relatively new event that launched last year and has the possibility to blossom, with sufficient participation, into another highlighted attraction that draws attendees to the conference and further promotes interest in Alaska exploration. Please forward and help spread the word.

A limited amount of booth spaces is available. If you are interested in exhibiting, please provide contact names, affiliation, contact information, and the name of the deposit or prospect to Varina Zinno (vzinno@millrockresources.com) and Traci Hartz (thartz@millrockresources.com) and for further info (note-booth spaces allocated on a first-come, first-served basis). **Participation in this event is incentivized by providing a complimentary booth space and one registration for the conference.** The abstract deadline is Monday October 14, 2019; project and company name for the booth sign are also due on that date.

Sincerely,

Varina Zinno, M.Sc.  
Exploration Geologist  
Anchorage, Alaska
