Call for Abstracts-Vendor Technical Papers

2025 AMA Annual Convention and Trade Show, Nov 3-6, Dena'ina Center Anchorage AK

The AMA Conference Planning Committee invites you to contribute to one of the industry's most valuable knowledge-sharing events in Alaska. We are seeking engaging, project-driven technical papers that highlight innovation, practical solutions, and lessons learned across all aspects of mining.

This is your opportunity to showcase the work you and your team have accomplished- **not as a product pitch, but as a story of challenges, approaches, and results** that can inspire and inform your peers.

What we are looking for:

We welcome submissions from vendors on a wide range of topics, including but not limited to:

- Mine design, planning, and operations
- Ground support and geotechnical advancements
- Safety, health, and environmental excellence
- Decarbonization and energy efficiency initiatives
- Automation, technology, and digital transformation
- Water tailings management solutions
- Community engagement and Environmental, Social, and Governance strategies
- Maintenance and reliability improvements
- Case studies addressing unique operational challenges

Submission Guidelines

- Abstract length: 250-300 words
- Clearly outline the project purpose, approach, outcomes, and lessons learned
- Focus on sharing knowledge-**avoid promotional or sales language**
- Include presenter name(s), title(s), company/organization, and contact details
- Must be a corporate AMA member in good standing
- Must have a booth at the trade show

Your insights and experiences help move our industry forward. By presenting at AMA, you spark discussions, share solutions, and connect with others who are passionate about advancing mining practices responsibly and efficiently.

Submit your abstract to: Keely Pliska at keely.pliska@minovaglobal.com
